Apprenticeship Policy

Authority: This policy statement is developed in accordance with:

Legal Documents:

- [The Education Act, 1995](#) Sections 4 (1), (1.1)(c), 4.02

Policy or Supplemental Documents:

- [The Registrar's Handbook for School Administrators](#)

Policy Statement:

The Ministry of Education requires that:

- To earn Apprenticeship credits, the student must be enrolled in a school division, independent high school or First Nations school.
- Apprenticeship credits must be completed in grades 10-12.
 - School divisions, independent and First Nations schools offering the option of Apprenticeship A20, B20, A30, B30 credits, shall develop a policy for the administration of Apprenticeship that is consistent with the procedures outlined by the Ministry of Education and submit the policy to the Office of the Registrar.
 - Independent high schools are to submit all forms and local policies to the Director of Independent Schools and Home-Based Education, Ministry of Education.
 - First Nations schools are to submit all forms and local policies to the Approved Program Supervisor for approval. The Approved Program Supervisor will forward these forms to the Office of the Registrar at student.records@gov.sk.ca.
- To enroll in an Apprenticeship Credit, the student is required to be employed under the supervision of a certified journeyperson in a trade in which the hours worked are eligible for [Form 6A](#) submission to the Saskatchewan Trade Certification Commission.
- To earn Apprenticeship Credit recognition, the student must actually be doing the work of the trade, not merely observing the work environment.
- Prior to enrolment, the student must complete and submit a personalized learning proposal, to the school administration, using the [Apprenticeship Credit Proposal Template](#).
- Schools shall establish procedures for communicating to parents/guardians and students the availability, administrative procedures or policies, and requirements for credit attainment for Apprenticeship.

- The registration and mark shall be submitted to Ministry of Education following the same process used in the school for secondary level courses of study.
- The school division shall retain a copy of each Apprenticeship Credit proposal and supporting documentation on file for a minimum of five years. All completed project learning plans are subject to ministry audit.
- Students must complete a minimum of 100 hours of trade experience eligible for [Form 6A](#) submission to the Saskatchewan Trade Certification Commission, to qualify for the Apprenticeship Credit.

In addition, the Ministry of Education recommends that all administrative procedures for Apprenticeship credits address the following:

- As students engaged in Apprenticeship credits are not covered by the Ministry of Education’s Memorandum of Understanding with the Worker’s Compensation Board, schools offering Apprenticeship credits should address legal liability or insurance implications regarding students engaged in activities outside of the school.

Intent:

This policy provides broad guidance to school divisions, the conseil scolaire, independent schools and First Nations schools offering secondary level credits in Apprenticeship A20, B20, A30 and B30. The apprenticeship need not be related to a specific school subject. Apprenticeship credits may be used to meet the Practical and Applied Arts/Arts Education credit requirement or the electives credit requirement in the Regular and Adult 12 programs. In addition, students will be granted one credit for a minimum of 100 hours of trade experience eligible for [Form 6A](#) submission to the Saskatchewan Apprenticeship and Trade Certification Commission on the approval of the principal.

To assist students in obtaining credit for one of these courses and obtaining recognized trade experience hours, it is important that school division administrative procedures, in accordance with this policy, be clearly communicated to students and parents/guardians to ensure that they have all information.

- Retain a copy of each Apprenticeship Credit proposal and supporting documentation on file for a minimum of five years.

Appendix B: Apprenticeship Policy Questions and Answers

Q. In order to receive the Apprenticeship Credit, do the hours need to be submitted to the Saskatchewan Apprenticeship Skills and Trade Certification Commission (SATCC)?

A. No, the hours do not need to be submitted to SATCC for secondary Apprenticeship Credit recognition. However, if the student wishes to pursue a career in the trades, the hours may be submitted and this prior learning and work experience may reduce the amount of time apprentices must work to complete their apprenticeship. Students should document trade time worked on a Form 6A while participating in Apprenticeship 20 and 30. This documentation is then submitted to the SATCC for assessment when the student registers as an apprentice in a designated trade. The documented trade time must be within the scope of the designated trade.

Q. Does the supervisor have to be a journeyperson?

A. Yes, the supervisor must be a certified journeyperson for the student to earn an Apprenticeship Credit. The establishment of the Apprenticeship Credit option was founded on the tenet of apprenticeship which is a structured system of supervised training that can lead to certification in one of Saskatchewan's designated trades.

Q. Can you earn the credit over the summer?

A. Yes, credits can be earned over the summer, however, the personalized learning proposal must be completed and approved prior to the student beginning the work towards the credit.
