Select challenge questions that only you know the answers to and that you will remember. If you forget your username or password, the challenge questions will be used to identify you so that you can retrieve your portal username and/or reset your password.

Always keep your username, password and challenge questions/answers confidential so that no one else can access your portal account.

If you need to update your username, password or email address you may do so by selecting **Update Portal Account** menu option which is available after you have created your portal account.

If you are having trouble creating a portal account or accessing your portal account, contact the Student Service Centre at 1-800-597-8278.
