

WINTER WEIGHT SEASON RESTRICTIONS

Fifth Order – Fall 2018

Minister's Order Pursuant to section 35 of *The Highways and Transportation Act, 1997*,

The Vehicle Weight and Dimension Regulations, 2010, permit heavier weights on public highways during the Winter Weight Season.

The Winter Weight Season is defined in s. 2 (ggg) of the regulations as commencing on November 16 of each year and ending on March 14 of the following year.

Section 2(2) of the regulations states that if the Minister considers it necessary to protect a public highway, the Minister may issue an order under section 35 of the Act restricting the Winter Weight Season for the highways mentioned in the order for the period specified in the order.

Pursuant to section 35 of "*The Highways and Transportation Act, 1997*" it is hereby ordered that effective **12:01 am Friday, December 14, 2018**.

Please note that some provincial highways and bridges are subject to special reduced or restricted weights and some are for specific periods of the year, some for precise temperatures. A detailed description of these special restrictions is listed on the last four pages of this Order.

There are no changes from the previous order.

Signed on behalf of the Minister this 11th day of December, 2018.

Lana Eering
Government of Saskatchewan
Ministry of Highways and Infrastructure
Manager, Road Information & Emergency Planning Officer

*** See tables at the end of the ORDER for Special Restrictions on selected highways***
