

Farm Stewardship Program

Environmental Solutions BMP

Intent of BMP: The Environmental Solutions BMP will allow producers to assess and implement innovative and non-typical management solutions to mitigate environmental risk from agricultural operations. Approved projects will reduce environmental risks by utilizing new technology, applications, management practices and designs. Projects submitted under this BMP must not fit into any other Farm Stewardship Program BMPs.

Funding Level: 20-50 per cent of eligible costs to a maximum of \$50,000.
Funding level and caps will vary based on the project's environmental benefit.

Application and Technical Resources: For more information on the BMP including information on technical assistance and to request an Environmental Solutions BMP application form contact the Program Design and Delivery Branch at 1-877-874-5365 or email fpbinfo@gov.sk.ca.

Eligibility:

- Must have an EFP.
- **Basic Eligibility Criteria.**

Project Costs: Please include all related project costs in your application for review by the Evaluation Committee.

The following items will not be eligible for funding:

- Costs for projects started prior to April 1, 2015.
- Operational costs or items considered regular replacement, repair or maintenance.
- Used and leased items or equipment.
- In-kind freight and in-kind payment (e.g. trading) for third party services.
- Items currently ineligible under other BMPs.
