

## Industry Tip

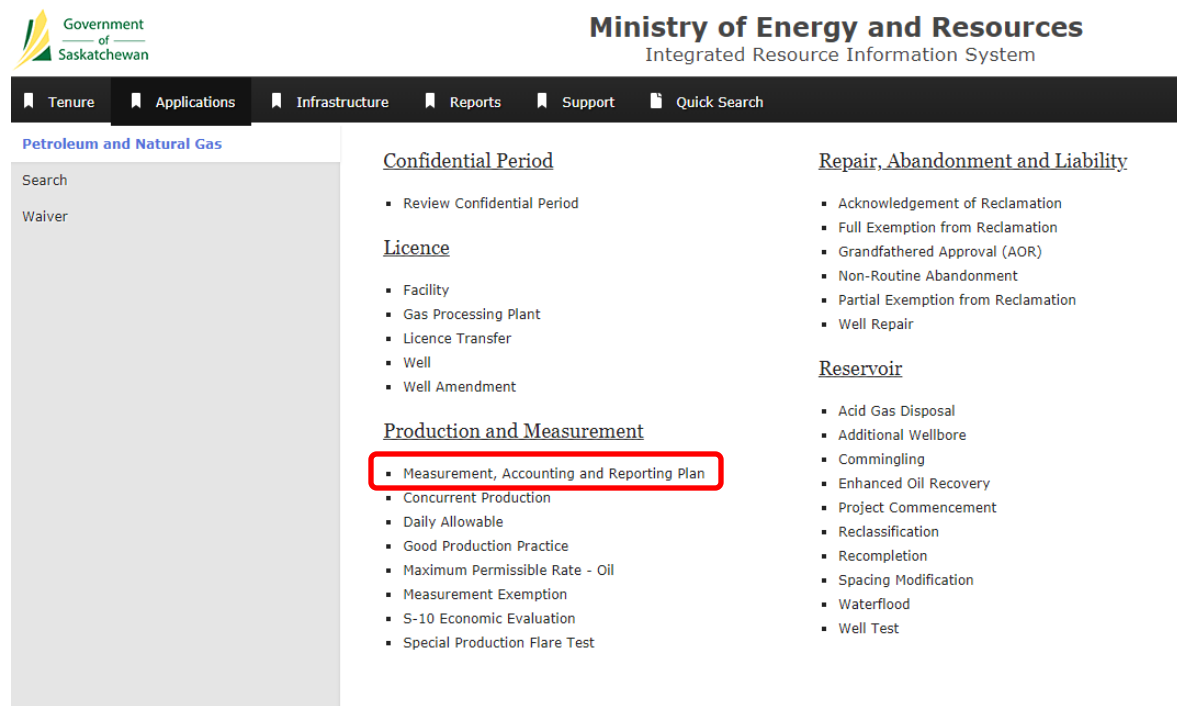

### Create a new generic application for MARP (Measurement, Accounting, and Reporting Plan)

Date	Module/Application/Functionality	Notes
October 3, 2018	Well and Facility Infrastructure, Incorrect validation message - Create a new generic application for MARP (Measurement, Accounting, and Reporting Plan)	5.16 Release

Measurement, Accounting, and Reporting Plans (MARPs) are now submitted as their own generic application, and not as an attachment with Enhanced Oil Recovery (EOR) Applications. Requirements for MARPs are unchanged.

A MARP application may be submitted concurrently or after an EOR application is submitted. Please use the description field to indicate the associated Enhanced Oil Recovery Project's code and name (or submission number if the project is not yet approved).

Please see [Enhanced Oil Recovery Project Application](#) for more information.
