Action Required

If you receive this warning message, please review your target pool and drainage unit/area selections to ensure they are correct. If they are, select 'Proceed Anyway' in the warning confirmation window and continue completing the well licence application as usual.

The Ministry of the Economy (ECON) is addressing the target pool and drainage unit/area warning issue, and will implement a fix in a future release of IRIS. ECON sincerely apologizes for the confusion and inconvenience this issue has caused.
