

Saskatchewan *Catch & Release*

A W A R D

This award recognizes conservation efforts of anglers who catch and release memorable fish.

Rules and Regulations

1. All anglers fishing in Saskatchewan are eligible to apply.
2. Fish must be legally angled within the province.
3. To qualify, a fish must be one of the listed species and meet the minimum size requirements. Fish should be measured from the tip of the snout to the tip of the tail when pinched (see diagram and table).
4. Fish that do not survive when released are not eligible. Refer to the “Catch and Release” section in the Anglers’ Guide for proper tools, angling techniques and fish handling techniques.
5. Anglers may submit one application per species. If fishing alone, the witness verification may be omitted.
6. Application forms must be received within 30 days of the catch.
7. Applicants who meet requirements will be issued an award.
8. Ministry representatives are the final judge of all applications, and reserve the right to publish names and addresses of award recipients.
9. Application forms are available at saskatchewan.ca/fishing.

Minimum Size Approximate Weight

	Minimum Size		Approximate Weight	
	cm	in	kg	lb
Arctic grayling	35	13.7	0.5	1.1
