

# 2019 Saskatchewan Provincial Park Seasonal Camping Terms & Conditions

## Seasonal Camping Fees

(GST Included)

- \$ 2,600 Electric
- \$ 1,400 Non-Electric
- \$ 1,100 Economy

Not all seasonal campsite types are available at each park. We recommend you research types available at the park prior to reserving.

- **Vehicle Park Entry Permit** is required to be purchased, in addition to the seasonal campsite fee (Annual = \$75.00)
- \$12.00 Non-refundable reservation fee is applied to all reservations
- \$2.00 additional fee will be applicable to all fees when reserving through the call centre

## Cancellations

	Same calendar day as reservation is created (before 12:00 a.m. CST)	Prior to park opening	After park opening (parks open on the Thursday going into the May long weekend)
<b>CHANGE</b> (different site within same park)	No charge	\$15.00	Not Applicable
<b>CANCELLATION</b>	No charge	10% of seasonal rate	10% of the seasonal rate <b>plus</b> peak nightly campsite rate multiplied by the number of nights occupied whether or not camping unit is on-site

## General Terms & Conditions

Due to the nature of seasonal camping and the pressure that continual use places on our natural features and park infrastructure, conditions for seasonal campers are more stringent than conditions that apply to short-term campers within provincial parks. The following conditions have been separated into two categories: those that apply to ALL campers (including seasonal) and those that apply to SEASONAL campers only.

### ALL Campers

- Permit holders shall maintain the campsite and camping unit in a condition acceptable to the Park Manager or designate.
- A limit of six (6) people per campsite is allowed for non-immediate family groups. "Immediate" is defined as a family consisting of a parent(s) and children 18 years of age and under or another adult acting in a guardianship role of said children in the absence of parent(s).
- Only one camping unit (tent, tent-trailer, camper, camper-truck/van, camping trailer or motorhome) is permitted in each campsite. Mobile homes and bunkhouse type trailers are not permitted.
- All camping units and campsites must be maintained so as not to detract from the park setting. Due to campsite size, length restrictions may apply. All camping units and equipment must be contained within the campsite.
- One small tent for accommodating dependent children and one screened tent for meal purposes is permitted depending on the size of the campsite. Additional small tents for dependent children may be allowed at the discretion of the Park Manager.
- Major appliances must be contained within the camping unit's original construction.
- Maximum of two (2) vehicles and one (1) watercraft at each campsite at any time providing the site can accommodate. All vehicles must be parked on defined campsite parking pads, roadways and parking lots. Visitors are to park their vehicles in designated visitor parking areas where available.
- All camping units and vehicles, other than tents, must be legally registered and display a current, valid license plate at all times when on park land.
- Information on who is occupying a campsite will not be released to any public inquiries.
- Liquid grey water or solid waste must be disposed of into a provided sewage system or receptacle.
- Campfires in park supplied fire pits and barbeques only; it is an offence to remove firewood from the park.
- Self-contained propane/gas barbeques, fire pits and heating devices that meet CSA approval are permitted, and should be set up on level bare soil or gravel/sand clear of vegetation.
- Removable ground level decks/landings to a maximum of 80 sq. ft. (7.43 m. sq.) are permitted with the approval of the Park Manager or designate.
- Tarps can be used as long as they do not create any safety concerns.
- CSA approved lights are restricted to a maximum of 12 patio lights (one string) or one (1) section of rope lights per campsite.
- Intermittent generator use in campgrounds without electricity is permitted between 9 am and 11 pm with onsite supervision.
- Pets are welcome, but not permitted in public structures, beaches or in swimming areas. Be considerate of your neighbours, and keep pets leashed and attended to at all times ensuring litter is cleaned up.
- Bird feeders are not permitted in campgrounds.
- Alcoholic beverages and cannabis may be consumed in the permit holder's camping unit, and on their assigned campsite, in accordance with the *Cannabis Control (Saskatchewan) Act* and *The Alcohol and Gaming Regulations Act, 1997, Section 107 (1) per 139(1)*, except during the May long weekend when an alcohol or cannabis ban is in effect.
- The permit holder, their family and guests shall comply at all times with all permit conditions and regulations. The permit holder is responsible for the conduct and behaviour of their family and guests. Everyone must observe all campground regulations and conditions. Rowdy behaviour or excessive noise is not permitted at any time.
- Failure to comply with the above conditions and *Parks Act* and Regulations may result in eviction.

## SEASONAL Campers Only

- Upon arrival at the park, seasonal campers will be required to confirm they are the permit holder on the reservation in order to be permitted into the site. This will ensure the correct person is checking into the seasonal campsite.
- Where offered, the seasonal camping program is available from May long weekend until September 30<sup>th</sup>. All services and amenities will be available from the May long weekend until the September long weekend. In some parks, reduced services may be in effect between the September long weekend and September 30<sup>th</sup> and in some cases you may be required to move campsites. If there is a shortened operating season or capital project planned, you may be required to vacate the park.\**Always check with your park prior to reserving for any changes to their seasonal camping dates.*
- Permit holders shall not rent, sell, sublet, assign or otherwise transfer their reserved seasonal campsite.
- Seasonal campsites are valid only for the park they are reserved for.
- The park administration office must be notified if the camping unit is going to be removed from the seasonal campsite for any time period.
- The park reserves the right to assign the campsite to another camper for the vacated period. Notice of 24 hours is required when returning to a seasonal campsite.
- All camping units must be movable upon 24 hour notice. At the end of the season, the camping unit must be removed from the campsite.
- Winter trailer storage is available at some locations.
- When vacating the campsite at the end of the season, the permittee must remove all personal property and restore the campsite to its original condition. If the campsite is not restored to its original condition, the ministry reserves the right to restore the campsite and charge the associated costs for restoration of the campsite.
- Failure to comply with the above conditions and *Parks Act* and Regulations may result in eviction and/or loss of the seasonal campsite for the season, or in following seasons.
