A DETAILED PLAN OR SKETCH MUST BE INCLUDED TO COMPLETE THE REVIEW. A FORMAL SURVEY PLAN OR AN AERIAL PHOTO/GOOGLE MAP IMAGE IS PREFERRED. If you are submitting an aerial photo, then you must draw the limits of the testing or pit onto the image. Keep in mind aerial photos are illegible when faxed.

A sketch map is an acceptable alternative but must provide reference points like fence lines, access roads, sloughs/dugouts, tree lines, buildings, bins, etc. If you need to submit a sketch, please use the page below. The box can represent one quarter or an entire section. Please draw the approximate location of tests or the borrow pit limits, along with any other. A scale is also provided.

**Select the following:**

The bold outer box represents a SECTION & the inner boxes represent quarter-sections. The dimensions of the bold outer box are 1 mile/1600 meters and the inner boxes are each 1/2 mile/800 meters.

The bold outer box represents a QUARTER-SECTION & the inner boxes represent four equal portions of the quarter. The dimensions of the large box are 1/2 mile/800 meters. The inner boxes are each 1/4 mile/400 meters.

PROVIDE AS MANY PAGES OF PLANS THAT ARE NEEDED, IF MULTIPLE SECTIONS ARE INVOLVED.
