SASKATCHEWAN COLLEGE OF PHYSICIANS AND SURGEONS — REGULATORY BYLAW AMENDMENTS

The Regulatory Bylaws of the Saskatchewan College of Physicians and Surgeons are hereby amended.

Bylaw 17.1 is repealed and replaced with the following:

“17.1 Minimum Standards for Written and Verbal Medication Prescriptions Issued by Physicians

- (a) Safe patient care requires clear written or verbal communication between physicians and licensed pharmacy professionals (pharmacists or pharmacy technicians), in accordance with policies established by the Saskatchewan College of Pharmacy Professionals, to minimize the risk of medication dispensing errors. To that end, the following bylaw defines minimum standards for written and verbal prescriptions issued by physicians.
- (b) For the purpose of this bylaw, “written prescription” includes an electronic prescription that meets the requirements for electronic prescribing under the Pharmaceutical Information Program.
- (c) For the purpose of this bylaw, “signature” includes a method of physician identification that meets the requirements for electronic prescribing under the Pharmaceutical Information Program.

- (d) Handwritten prescriptions given directly to the patient must be signed manually. EMR generated prescriptions that are printed and given directly to the patient must be counter-signed with a “wet” signature.
- (e) A physician who issues a written prescription must include all of the following information on the prescription in a manner that is fully legible:
- (i) his/her name and signature;
 - (ii) the patient’s name;
 - (iii) the full name of the medication;
 - (iv) the medication concentration where appropriate;
 - (v) the medication strength where appropriate;
 - (vi) the dosage;
 - (vii) the amount prescribed or the duration of treatment;
 - (viii) the administration route if other than oral;
 - (ix) explicit instructions for patient usage of the medication;
 - (x) the number of refills where refills are authorized.
- (f) All of this information shall be contained on one side of the prescription form.
- (g) Notations such as “use as directed” or similar remarks do not meet the requirements of (e)(ix) except where usage instructions are uniformly included on the manufacturer’s medication packaging label.
- (h) A physician who issues a prescription which prohibits drug substitution by the licensed pharmacy professional must hand write those instructions or initial any pre-printed instructions to that effect.
- (i) A physician who issues a prescription for the purpose of obtaining drugs from a licensed pharmacy professional for professional office use must explicitly make a notation on the prescription that the drugs in question are for professional office use.
- (j) Physicians in training who are enrolled on the educational register of the College of Physicians and Surgeons and who may be authorized to issue prescriptions must clearly identify on the prescription the name of the fully registered physician who is their supervisor in respect to the specific physician/patient interaction.
- (k) Physicians may transmit written prescriptions to licensed pharmacy professionals by fax, or other electronic means in accordance with policies that may be adopted by the Saskatchewan College of Pharmacy Professionals from time to time. All of the provisions of clauses (b) through (g) above apply to a prescription transmitted by fax.
- (l) Other than prescriptions transmitted in accordance with the policies and protocols of the Pharmaceutical Information Program, a physician shall only transmit written prescriptions to licensed pharmacy professionals by fax or other electronic means based upon patient instructions to transmit the prescription to a specific pharmacy.
- (m) A physician who issues a verbal prescription to a licensed pharmacy professional must provide to the licensed pharmacy professional all of the information described in subclauses (e)(i) through (e)(x).
- (n) All verbal prescriptions must be communicated directly between a physician and a licensed pharmacy professional, as permitted by the Saskatchewan College of Pharmacy Professionals, as opposed to agents for either licenced professional”.

Bylaw 18.1 is amended by deleting clauses (b) and (e), and substituting the following:

“(b) Prescriptions for drugs covered by the Prescription Review Program shall be issued by physicians according to the policies and procedures agreed to and amended from time to time by the College of Dental Surgeons of Saskatchewan, the College of Physicians and Surgeons of Saskatchewan, the Saskatchewan Registered Nurses Association and the Saskatchewan College of Pharmacy Professionals”.

“(e) A physician who prescribes a drug to which the Prescription Review Program applies, and who provides the prescription directly to a pharmacy by secure electronic prescribing, by FAX, or who transmits a prescription in accordance with the policies and protocols of the Pharmaceutical Information Program, need not include both the quantity numerically and in written form”.

(8) All appearances before council are held at the College's offices.

(9) A review by council of a delegated decision is a review of the facts of each case in the context of the Act, the bylaws and the policies of the College to ensure that the delegated decision was properly made, based on the information provided to the Registrar or the Registration Committee.
