

## Landowner Acknowledgement

The landowner acknowledgement is a required component of Saskatchewan's Acknowledgement of Reclamation Program application to ensure the landowner(s) opinion of a given reclaimed site has been obtained. Please be advised that completing this form does not constitute a surface lease release or have any relevance on the surface agreement between the licensee or landowner(s) identified below. The landowner(s) has the opportunity to review the AOR application, if requested, and will have 30 days to review all supplied information and investigate the site prior to completing and returning the form.
