## LETTER OF TRANSMITTAL

Mr. Marc Fortin  
Assistant Deputy Minister  
Program Operations Branch  
Infrastructure Canada  
1100 - 180 Kent Street  
OTTAWA ON K1P 0B6

Dear Mr. Fortin:

On behalf of the Ministry of Government Relations, I respectfully submit the Annual Report for the Agreement on the Transfer of Federal Gas Tax Revenues for the period of April 1, 2013 to March 31, 2014.

Sincerely,

A handwritten signature in blue ink, appearing to read "Keith Comstock".

Keith Comstock  
Assistant Deputy Minister  
Municipal Relations & Northern Engagement

## INTRODUCTION

On August 23, 2005, the Canada-Saskatchewan Agreement on the Transfer of Federal Gas Tax Revenues 2005 – 2015 (Gas Tax Agreement) was signed. Under the Gas Tax Agreement, Saskatchewan municipalities receive federal funding for environmentally sustainable infrastructure investments.

This Annual Report of the Gas Tax Fund (GTF) is prepared by the Ministry of Government Relations (the Ministry) as required under the respective agreement. It reports on the program's activities for the period of April 1, 2013 to March 31, 2014.

With the existing Gas Tax Agreement coming to an end, Saskatchewan and Canada entered into a new agreement, effective April 1, 2014, to renew the program for a ten year term from 2014-15 to 2023-24. As part of the New Building Canada Plan, the renewed GTF will provide predictable, long-term, stable funding for Canadian municipalities to help them build and revitalize their local public infrastructure while creating jobs and long term prosperity.

## SASKATCHEWAN'S COMMITMENTS AND CONTRIBUTIONS

During 2013-14 Saskatchewan accomplished the following with respect to its commitments and contributions identified in section 3.2 of the Gas Tax Agreement.

### ADMINISTRATION

- The Ministry continues to administer the GTF consistent with the federally approved business case.
- From August 23, 2005 to March 31, 2014, the term of the Gas Tax Agreement, the Ministry administered 3,038 municipal Infrastructure Investment Plans (IIPs), 796 Municipal Funding Agreements (including those related to the Municipal Capacity Development Program and Planning for Growth) and made 12,903 payments.
- Due to the number of municipalities in the GTF (768 as at December 31, 2013), Saskatchewan has adopted a tiered approach to reviewing Municipal Annual Expenditure Reports (MAERs) submitted by eligible recipients. All municipalities with active projects are required to submit a MAER but only the largest municipalities are required to have a term and condition audit completed by a third party. Smaller municipalities are required to certify and submit their MAER, along with source documents, to Saskatchewan. All certified MAERs are subject to term and condition audits by Saskatchewan during the annual audit process.

- To support municipal capacity in the province, \$1.4 million of interest earned and unallocated funds under the GTF is being provided to the Municipal Capacity Development Program (MCDP). MCDP was developed as a partnership between the Saskatchewan Association of Rural Municipalities (SARM), the Saskatchewan Urban Municipalities Association (SUMA), New North and the Ministry to promote growth, cooperation and community development through inter-municipal partnership. The objectives of the MCDP program are:
  - to assist municipalities in building local capacity for long-term planning;
  - promote cooperation among municipalities to deliver more cost effective programs and services; and,
  - foster long-term working relationships amongst communities and encourage collaboration amongst municipalities, including First Nations and Métis communities.

In 2013-14 the MCDP received \$200,000 under the GTF, and the final \$250,000 is expected to flow in 2014-15.

Sponsoring municipalities of the Planning for Growth (PFG) program were offered extensions of up to one year to complete their projects, and amendment agreements were put into place for those that requested the extension. Currently, three PFG projects are verified as being complete, and all are expected to be completed by January 2015. PFG seeks to enhance regional planning capacity in support of growth and development across the province. PFG contributes up to 50 per cent of eligible project costs.

Planning for Growth North (PFGN) received an additional \$301,352 in funding in 2013-14, bringing the total to \$504,875 in funding from interest earnings and unallocated funds. Of the 35 communities in the Northern Saskatchewan Administration District, 30 have passed council resolutions to participate in the program. Eight have adopted or are in the process of adopting their OCPs and zoning bylaws, and plans are near completion for three other communities. An additional eight have plans that are in the draft phase, and another 11 are interested and waiting to begin their OCPs and zoning bylaws.

- The Ministry continues to enforce the Municipal Compliance Strategy. Under the GTF, municipalities are required to fulfil a number of significant terms and conditions (T&C) as outlined in the Municipal Funding Agreement. Failure to comply with these requirements will result in the municipality's semi-annual payments being withheld until compliant. If a municipality's non-compliance results in three consecutive payments being withheld, the municipality may be removed from the program and required to repay a portion of previously transferred Gas Tax payments. The intention of the strategy is to:
  - ensure fair treatment to all municipalities;
  - ensure an appropriate level of accountability;
  - provide municipalities sufficient time to understand the terms and conditions; and;
  - mitigate an unnecessary risk to the Gas Tax Fund.

To date, the strategy has seen significant success and has resulted in an increased percentage of funding being paid to municipalities on time. As at March 31, 2014, 18 municipalities have been removed from the program due to noncompliance, resulting in \$442,763 in GTF allocations being withheld from those municipalities. In addition, these municipalities are required to repay \$311,920 of previously transferred funds to the program.

- During 2013-14, the Ministry undertook various GTF communication-related activities including:
  - distribution of the Gas Tax Gazette in September 2013 and March 2014. The Gas Tax Gazette is a newsletter that provides municipalities with important tips, information, updates and reminders on the GTF. Copies of the Gazette can be found on the Ministry's website at [www.saskatchewan.ca/government/municipal-administration/funding/programs/federal-gas-tax-program/gas-tax-gazette](http://www.saskatchewan.ca/government/municipal-administration/funding/programs/federal-gas-tax-program/gas-tax-gazette).
  - inclusion of GTF-related articles in four issues of the Ministry's on-line publication, Municipalities Today, [www.saskatchewan.ca/government/municipal-administration/management-resources/guides-samples-and-resources/municipalities-today](http://www.saskatchewan.ca/government/municipal-administration/management-resources/guides-samples-and-resources/municipalities-today).
  - ten signs ordered in 2012-13 were provided to municipalities in 2013-14.
  - official openings to celebrate significant projects funded under GTF including:
    - the Credit Union CUplex in the City of North Battleford
    - a new water treatment plant in the Town of Cupar
    - a new water reservoir in the City of Estevan.
  - compilation of information for profiling the Village of Maymont's drainage pipeline project on Infrastructure Canada's website [www.infrastructure.gc.ca/regions/sk/sk-prof-eng.html#profiles](http://www.infrastructure.gc.ca/regions/sk/sk-prof-eng.html#profiles).

## OUTCOMES REPORTING

- The Ministry has implemented an annual process to request, receive and compile outcomes data on all projects reported as complete on the MAERs. This information is compiled on an annual basis and used to inform the larger outcomes reports required by the Federal Government. Municipalities that report a completed project through the MAER process are required to submit an outcomes report for each project. During 2013, 258 municipalities reported 344 projects as complete. In total, 2,009 Gas Tax projects have been reported as complete by municipalities as of December 31, 2013.
- Based on the information collected, the *Outcomes Report on the Federal Gas Tax & Public Transit Funds* was prepared in the fall of 2009 and covered the period of April 1, 2005 to December 31, 2008. A second report for the period of 2009 to 2012 is currently being drafted and is expected to be released in early 2015.

## MUNICIPAL INFRASTRUCTURE, MUNICIPAL CAPACITY, COMMUNITY SUSTAINABILITY AND COLLABORATION AMONG MUNICIPALITIES

- During 2013-14, Saskatchewan continued to build upon its existing contributions with respect to municipal infrastructure needs, improving municipal capacity, and encouraging community sustainability and collaboration among municipalities. Saskatchewan remains committed to continuing to build on related initiatives over the term of the Gas Tax Agreement and its renewal. Many of the 2013-14 results of the Ministry's contributions to this commitment, as well as other provincial ministries, are noted below.
  - Negotiation of the bilateral agreement to renew the GTF, including consultation with the municipal sector, occurred through December-March. The new agreement became effective April 1, 2014.
  - Staff worked with municipalities regarding municipal financial reporting and other municipal-compliance issues related to various municipal contribution agreements. This resulted in an additional \$2.8 million being distributed to municipalities that became compliant in 2013-14 under the GTF.
  - The Ministry continued to provide revenue sharing funding to municipalities equivalent to one per cent of the Provincial Sales Tax. In 2013-14, the Ministry provided municipalities with \$264.4 million. In 2014-15, \$257.0 million will be allocated to municipalities as follows:
    - \$123.2 million to cities;
    - \$42.0 million to towns/villages/resort villages;
    - \$72.6 million to rural municipalities; and
    - \$19.2 million to northern municipalities.

This level of commitment aligns with the Government of Saskatchewan's promise to develop a long-term revenue sharing plan with the municipal sector that is linked to the performance of the province's economy.

- Through the Long-term Infrastructure Initiative, the Ministry, working with the municipal sector, completed the development of options for a long-term approach towards municipal infrastructure that includes enhanced infrastructure planning at the municipal and regional levels.
- The Saskatchewan Infrastructure Growth Initiative, a key component of the provincial government's growth agenda, continues to provide municipalities with interest subsidy grants to assist in developing the infrastructure needed to meet the demand for serviced lots for new residential, commercial and industrial construction. The grants are provided for up to five years on municipal borrowing that was approved from 2008-09 to 2011-12. In 2013-14, \$5.1 million was provided to subsidize interest payments. Since its inception in 2008:

- \$209.9 million in borrowing has been approved for interest subsidy payments supporting 112 projects in 82 municipalities;
- projects approved have contributed to the development of 2,575 residential lots, ten commercial lot projects, two industrial lot projects, 47 off-site projects and three recreation projects to support growth; and,
- 79 municipalities have received interest subsidies of \$24 million.

The October 2014 Speech from the Throne included the reintroduction and expansion of this initiative to assist infrastructure development. The program will also be opened to First Nations in a position to participate.

- In 2013-14, \$81.9 million in capital investment was expensed through the following provincial and federal programs:
  - Building Canada Fund – Communities Component;
  - Building Canada Fund – Major Infrastructure Component;
  - Provincial-Territorial Base Fund;
  - Saskatchewan Infrastructure Growth Initiative;
  - Transit Assistance for Persons with Disabilities; and
  - The federal Gas Tax Fund
- The Ministry worked with SUMA and SARM in a number of ways to strengthen the relationships including:
  - the Municipal Programs and Services Steering Committee;
  - the Municipal Sector Strategic Partnership; and
  - the Long-term Infrastructure Initiative Committee.
- The Ministry led the establishment of a multi-ministry Rapid Growth Communities Team to support growth in the Jansen-Humboldt region. Based on lessons learned from this pilot project, the team is developing a plan to assist other high-growth regions in the future. During 2014-15, work commenced in the Weyburn-Estevan area.
- The municipal sector's ability to undertake regional planning was increased through:
  - an amendment to *The Planning and Development Act, 2007* to enable regional planning authorities to address regional issues between cities and adjacent rural municipalities; and
  - the establishment of seven new district planning commissions involving 35 rural and urban municipalities.
- The Ministry continued to increase the availability of asset management resources to the sector by:
  - finalizing *The Asset Management Getting Started Guide*, which provides municipalities with fundamental information about asset management and how it can be used to help support municipal operations, and posting it on the website at [www.saskatchewan.ca/government/municipal-administration/management-resources/guides-samples-and-resources/municipal-information-dataportal#asset-management](http://www.saskatchewan.ca/government/municipal-administration/management-resources/guides-samples-and-resources/municipal-information-dataportal#asset-management); and

- adding additional asset management-related content to the financial and strategic planning module of the Municipal Leadership Development Program.

Further information regarding the above initiatives is available at:

<http://www.finance.gov.sk.ca/PlanningAndReporting/2013-14/201314GRAnnualReport>.

## NEW DEAL PARTNERSHIP COMMITTEE

- The federal-provincial-municipal New Deal Partnership Committee (NDPC) has a mandate to oversee the implementation of the agreements and develop further areas of collaboration.
- In September 2013, the NDPC met to review and make a recommendation under the Municipal Compliance Strategy, and to review GTF undertakings since the previous meeting. Federal officials also introduced a new federal co-chair for the NDPC, and outlined the status and details of the renewed GTF program.

## GAS TAX ANNUAL EXPENDITURE REPORT HIGHLIGHTS

- Administration
  - Costs to administer the GTF for the year ended March 31, 2014 decreased by approximately three per cent (\$12,966) compared to the year ended March 31, 2013. The 2013-14 Personal Services costs (salary) and Travel and Business both decreased, and no costs were incurred for Advertising. Costs for Contractual Services and for Supplies and Services increased slightly.
  - Interest revenue declined over the same period by 13.46 per cent or \$16,837. This is because a significant number of municipalities become compliant under the program, allowing more payments to be distributed sooner, resulting in lower interest earnings.

Please refer to the table on page 98 for further information.

- Municipal Annual Expenditure Reporting Highlights
  - As of December 31, 2012, municipalities reported eligible expenditures of \$23.9 million. That number increased to \$49.2 million or 105.7 percent at December 31, 2013. At the end of December 31, 2012 municipalities had spent \$2.3 million more on projects than the cumulative gas tax payments they received. However, at December 31, 2013, the situation was reversed as municipalities were holding \$3.7 million of gas tax fund to be expended and reported in future years.

Please refer to the table on page 101 for further information.

## AGGREGATE ELIGIBLE EXPENDITURES

During the period of August 23, 2005 to December 31, 2013, there was \$335.5 million of municipal infrastructure investment under the GTF. For the 2013 reporting year, 768 municipalities reported expenditures on 531 IIPs (of the 2,319 IIPs approved as at December 31, 2013). A listing of these expenditures and IIPs by municipality is included as Appendix A.

## INFRASTRUCTURE INVESTMENT PLANS

During the period of April 1, 2013 to March 31, 2014, 361 new IIPs were approved representing 223 municipalities. A listing of these eligible projects approved for funding (including the location, investment category, amount and identity of all sources of funding, nature of the investment and expected environmental outcomes) for this period is included in Appendix B.

This brings the total IIPs approved from August 23, 2005 (program inception) to March 31, 2014 to 2,565 IIPs, representing 772 municipalities and municipal associations. Municipalities estimate that gas tax funds of \$357.7 million will be invested in these 2,565 IIPs which have a total estimated project cost of over \$1.0 billion.

The 2,565 IIPs were approved in the following categories:

- Roads and Bridges – 870
- Water – 591
- Community Energy – 567
- Wastewater – 295
- Solid Waste – 159
- Capacity Building – 79
- Public Transit – 4

## APPENDICES TO THE 2013-14 ANNUAL REPORT

Appendix A: Aggregate Eligible Expenditures – August 23, 2005 to December 31, 2013

Appendix B: IIPs Approved – April 1, 2013 to March 31, 2014

## INDEPENDENT AUDITORS' REPORT

To New Deal Secretariat, Saskatchewan Ministry of Government Relations

We have audited the accompanying Annual Allocation and Expenditure Statement – Agreement on the Transfer of Federal Gas Tax Revenues for the year ended March 31, 2014 and notes, comprising a summary of significant accounting policies and other explanatory information (together “the annual statement”). The annual statement has been prepared by management in accordance with the financial reporting provisions in the Canada-Saskatchewan Agreement on the Transfer of Federal Gas Tax Revenues Under The New Deal For Cities And Communities 2005-2015, between Infrastructure and Communities Canada and Saskatchewan Ministry of Government Relations, dated August 23, 2005, as amended on January 12, 2007, September 3, 2008 and September 4, 2008 (“the Agreement”).

### *Management's Responsibility for the Annual Statement*

Management is responsible for the preparation of the annual statement in accordance with the financial reporting provisions in the Agreement, and for such internal control as management determines is necessary to enable the preparation of the annual statement that is free from material misstatement, whether due to fraud or error.

### *Auditors' Responsibility*

Our responsibility is to express an opinion on this annual statement based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the annual statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the annual statement. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the annual statement, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation of the annual statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the annual statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### *Opinion*

In our opinion, the Annual Allocation and Expenditure Statement – Agreement on the Transfer of Federal Gas Tax Revenues for the year ended March 31, 2014 is prepared, in all material respects, in accordance with the financial reporting provisions of the Agreement.

Page 2

*Basis of Accounting*

Without modifying our opinion, we draw attention to Note 1 to the annual statement, which describes the basis of accounting. The annual statement is prepared to meet the requirements of the Agreement. As a result, the annual statement may not be suitable for another purpose.

*Restriction on Use*

Our report is intended solely for New Deal Secretariat, Saskatchewan Ministry of Government Relations, Infrastructure and Communities Canada and should not be used by parties other than New Deal Secretariat, Saskatchewan Ministry of Government Relations, Infrastructure and Communities Canada.

## AUDITORS' REPORT ON COMPLIANCE WITH AGREEMENT

To New Deal Secretariat, Saskatchewan Ministry of Government Relations

We have audited New Deal Secretariat, Saskatchewan Ministry of Government Relations' compliance as at March 31, 2014 with the criteria established by the terms and conditions described in the Canada-Saskatchewan Agreement on the Transfer of Federal Gas Tax Revenues Under The New Deal For Cities And Communities 2005-2015, between Infrastructure and Communities Canada and Saskatchewan Government Relations, dated August 23, 2005 as amended on January 12, 2007, September 3, 2008 and September 4, 2008 ("the Agreement") and the interpretation of such Agreement as set out in note 1 attached. Compliance with the Agreement is the responsibility of the management of New Deal Secretariat, Saskatchewan Ministry of Government Relations. Our responsibility is to express an opinion on this compliance based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether New Deal Secretariat, Saskatchewan Ministry of Government Relations complied with the criteria established by the provisions of the agreement referred to above. Such an audit includes examining, on a test basis, evidence supporting compliance, evaluating the overall compliance with these criteria, and where applicable, assessing the accounting principles used and significant estimates made by management.

In our opinion, as at March 31, 2014, New Deal Secretariat, Saskatchewan Ministry of Government Relations is in compliance, in all material respects, with the criteria established by the Agreement.

Notes to Annual Allocation and Expenditure Statement  
Agreement on the Transfer of Federal Gas Tax Revenues

Year ended March 31, 2014

---

### 1. Scope of the Agreement on the Transfer of Federal Gas Tax Revenues

On August 23, 2005, Saskatchewan Government Relations (“Saskatchewan”) and Infrastructure and Communities Canada (“Canada”) executed the Canada-Saskatchewan Agreement on the Transfer Of Federal Gas Tax Revenues Under the New Deal for Cities and Communities 2005 - 2015 (the “Agreement”). The Agreement was subsequently amended on January 12, 2007, September 3, 2008 and September 4, 2008.

The Agreement provides a joint framework for the transfer of funds from Canada to Saskatchewan for administration and subsequent allocation to municipalities for the purpose of investment in environmentally sustainable municipal infrastructure and municipal capacity building projects.

The Agreement further provides that Saskatchewan agrees to pay funding to municipalities solely for eligible projects, as described in Schedule A of the Agreement, and solely for the purpose of paying eligible costs as described in Schedule B of the Agreement and that funding may be used for the purpose of paying all administration costs of Saskatchewan, as provided for in the Agreement.

For the purposes of the Annual Allocation and Expenditure Statement, Saskatchewan has defined the material provisions of the Agreement as follows:

- Section 3.2 – Commitments by the Government of Saskatchewan
- Section 5.3 – Payments - Limit on Use of Canada’s Funds
- Section 6 – Allocations to Municipalities, Use of Funds, and Delivery Mechanism
- Section 7.1 – Reporting, Audits and Evaluation - Reporting
- Section 7.2 – Reporting, Audits and Evaluation - Audits

### 2. Interest earned

The annual allocation provided by Canada to Saskatchewan is held by Saskatchewan pending future payments in accordance with the Agreement. Saskatchewan has an arrangement with the Saskatchewan Ministry of Finance respecting the receipt, disbursement and amounts held for future payments to municipalities.

Saskatchewan has calculated interest earned using the Province of Saskatchewan’s thirty day borrowing rate. Interest earned on amounts held by Saskatchewan shall be used only for the purpose of making payments to municipalities or for paying administrative costs incurred by Saskatchewan or to support the capacity building efforts of the municipal associations.

Notes to Annual Allocation and Expenditure Statement

Agreement on the Transfer of Federal Gas Tax Revenues

Year ended March 31, 2014

---

## **3. Administrative costs**

Under the terms of the Agreement, the annual allocation has been used to pay for administrative costs incurred by Saskatchewan. All administrative costs incurred during the year ending March 31, 2014, are in accordance with a business case, dated January 20, 2012, approved by Canada.

## **4. Reporting of municipality financial information**

Schedule D of the Agreement states that in the case of municipalities with a year-end other than March 31<sup>st</sup>, the Annual Allocation and Expenditure Statement may include information in respect of eligible projects related to that municipality to the year-end of that municipality. All municipalities in Saskatchewan have a December 31<sup>st</sup> year-end. As a result, the Annual Allocation and Expenditure Statement reports amounts held by municipalities to be expended on eligible costs and amounts expended by municipalities on eligible costs as at and for the year ending December 31, 2013.

## **5. Subsequent event**

Effective April 1, 2014, Saskatchewan and Canada entered into the Administrative Agreement on the Federal Gas Tax Fund to renew the program for a 10- year term from 2014-15 through 2023-24.
