

HEALTH QUALITY COUNCIL

FINANCIAL STATEMENTS

For the Year Ended March 31, 2015

INDEPENDENT AUDITOR'S REPORT

To: The Members of the Legislative Assembly of Saskatchewan

I have audited the accompanying financial statements of Health Quality Council, which comprise the statement of financial position as at March 31, 2015, and the statement of operations, statement of change in net assets and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards for Treasury Board's approval, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, the financial statements present fairly, in all material respects, the financial position of Health Quality Council as at March 31, 2015, and the results of its operations, changes in its net assets, and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

HEALTH QUALITY COUNCIL
NOTES TO THE FINANCIAL STATEMENTS
March 31, 2015

1. Establishment of the Council

The *Health Quality Council Act* was given royal assent on July 10, 2002 and proclaimed on November 22, 2002. The Health Quality Council (HQC) measures and reports on quality of care in Saskatchewan, promotes continuous quality improvement, and engages its partners in building a better health system. HQC commenced operations on January 1, 2003.

2. Accounting Policies

Pursuant to standards established by the Public Sector Accountants Standards Board (PSAB) and published by Chartered Professional Accounts (CPA) Canada, HQC is classified as an other government organization. Accordingly, HQC uses Canadian generally accepted accounting principles applicable to public sector. The following accounting policies are considered significant.

a) Operations

For the operations of HQC, the primary revenue is contributions from the Saskatchewan Ministry of Health (Ministry of Health). Other sources of revenue include conference registrations, interest and miscellaneous revenue.

Unrestricted contributions are recognized as revenue in the year received or receivable if the amount can be reasonably estimated and collection is reasonably assured. Restricted contributions are deferred and recognized as revenue in the year when related expenses are incurred. Interest earned on restricted contributions accrues to the benefit of the restricted program.

Government transfers/grants are recognized in the period the transfer is authorized and any eligibility criteria is met.

b) Measurement Uncertainty

The preparation of financial statements in accordance with PSAB accounting standards requires HQC's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of commitments at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

c) Tangible Capital Assets

Tangible capital assets are reported at cost less accumulated amortization. Purchases valued at \$1,000 or greater are recorded as a capital asset. Leasehold improvements are amortized over the length of the original lease. The current lease has been extended to December 31, 2018. Amortization is recorded on a straight-line basis at rates based on estimated useful lives of the tangible capital assets as follows:

Office Furniture	10 years
Office Equipment	5 years
Computer Hardware	3 years
Computer Software	3 years
Leasehold Improvements	life of lease

Normal maintenance and repairs are expensed as incurred.

3. Short-Term Investments

HQC held investments in the amount of \$6,032,467 as described below at March 31, 2015. The current investments are short-term, held for a period of one year or less.
